Charging

Škoda iV Charger
Škoda iV Charger Connect
Škoda iV Charger Connect+

Powered by Elli ⚡
the offer and method of purchase varies by country

Škoda iV Charger or "wallbox" is a wall-mounted charger for Škoda EVs. It delivers electricity to the charging cable. Product is currently offered in three versions.

Charging set MODE 2

000054 412AM
000054 412AP | UK, Ireland, Malta, Cyprus
The MODE 2 charging set is designed for home charging and represents a great solution for customers who need to charge their car from regular "home" socket.
Set includes MODE 2 cable (complete) and charging cable cleaner.

Charging set MODE 3

000054 412BF
The MODE 3 set is designed for public chargers and is an alternative for those stations that are not fitted with suitable (compatible) charging cable.
Set includes MODE 3 cable and charging cable cleaner.

iV Universal Charger set

000054 412P | iV Universal Charger 11 kW
000054 412Q | iV Universal Charger 7,2 kW
The iV Universal Charger is variable solution for home charging purposes.
You can choose between two cable adapters:
– 400V
– 230V

Fast Charging

5LA 054 831 | for Enyaq iV 60
5LA 054 831A | for Enyaq iV 80
Licence document with activation key. For cars
produced until CW48/2021 with 50kW charging.

Charging port cover

5LA 054 410
The charging port cover
helps to protect the
charging port from ice,
snow, rain, and dirt.
Can be used only
for AC connectors.

Pocket for charging cables

000087 317BR

Charging cable bag

000087 317BQ

A practical accessory for any electric car, used for carrying the charging cable.

Charging cable cleaner

000096 150F

000096 356G | spare sponges

The charger cable cleaner is used for cleaning and/or drying the cable before placing it in the interior of the car or a bag.

Connectivity

MyŠkoda

Škoda connect and other digital services in your pocket.

Driving your Škoda isn't just about driving. It's the functions, the features, and the personal touches that add up to a brilliant experience. It's the music you play on the way to your destination. It's the security of knowing that great support is never more than a few taps away. Your Škoda vehicle is your everyday companion - and thanks to MyŠkoda application you can go even further in interaction with your vehicle.

Use the application to remotely check the status of the vehicle's battery and manage it's charging. Heat or cool your vehicle before departure. It offers also insight to the vehicle manual or possibility to interact with your preferred service partner, with a number of further functions just waiting to be explored.

With MyŠkoda application in place, your car remains under your control at all times. The application is available for download on App Store (iOS) and Google Play (Android). Škoda Connect services are available based on ordered service package: Proactive Service, Remote Access, Infotainment Online and iV Remote Services.

Škoda Genuine Accessories are offered by Škoda as optional extras at additional charges. Colours, designs and materials may differ from those in the illustrations. Information such as specifications, appearance, performance, dimensions, weight, fuel consumption and operating costs relating to the illustrated vehicles and products is based on information available at the time of printing this document, and Škoda Auto reserves the right to change these data.

Correct rim and tyre size combinations are available in the Registration Certificate and/or from your dealer. When choosing snow-chains, make sure to follow the indication in your car's certificate of roadworthiness. Wheels depicted on the cars may not be part of the available range.

Please contact your Škoda Partner for information as to which products are available and suitable for your model, what restrictions apply, the installation times required and costs. Subject to change without notice. Vehicle parameters such as weight, rolling resistance and aerodynamics may vary depending on additional equipment and accessories (attachments, tyre sizes, etc.) and may, together with weather, traffic conditions and individual driving styles, affect fuel consumption, electricity consumption, CO₂ emissions and other performance parameters. Škoda Genuine Accessories are not used to determine consumption and emission levels, and can therefore only be fitted after the vehicle's first registration.
